## OBJECTIVE

---

Highly innovative web developer with a deep understanding of cutting-edge technologies. Committed to continuous learning, I'm passionate about crafting user-friendly, responsive websites and consistently deliver top-tier results within tight deadlines, thriving in collaborative team environments.

## EDUCATION

---

**Bachelor of Engineering**, Visvesvaraya Technological University, Bengaluru 2020 - 2024  
Relevant Coursework: Computer Science and Engineering

**Pre University Course (PCMCs)**, RNS Pre University, Bengaluru 2018 - 2020

## SKILLS

---

<b>Technical Skills</b>	Java, HTML/CSS, Bootstrap, JavaScript, MySQL
<b>Soft Skills</b>	Communication, Problem-solving, Adaptability, Time management
<b>Tools</b>	Github, Figma, MS Office, Postman

## EXPERIENCE

---

**Full Stack Web Developer Intern** Aug 2023 - Sep 2023  
Varcons Technologies Pvt Ltd Bengaluru, KA

- Designed and implemented the user interface using HTML5, CSS, and JavaScript to deliver responsive and visually appealing web applications.
- Ensured that the website was responsive and looked great on both desktop and mobile devices.

**Software Testing Intern** Sep 2023 - Oct 2023  
JB Portals Bengaluru, KA

- Collaborated with the dev team to understand project requirements and design comprehensive test plans.
- Conducted manual testing to simulate user interactions and identify usability, UI/UX, and functionality issues.

## PROJECTS

---

**Crime Rate Prediction System:** Developed a Crime Rate Prediction System to forecast crime rates based on data collected from the National Crime Records Bureau. Achieved a remarkable **accuracy rate of 0.93** in crime rate prediction of identifying underlying patterns and trends. Integrated the machine learning model into a web-based interface, leveraging **HTML, CSS, and JavaScript** to create an interactive user experience. ([Try it here](#))

**Todo Application:** Designed with HTML, CSS and Bootstrap to ensure interactive user experience and **JavaScript** event listeners, **DOM** operations for **CRUD functionalities**.

**SWIFTCART : Men's Fashion Clothing:** Designed the user interface for SWIFTCART, a men's fashion clothing e-commerce platform, **using Figma**. Created **interactive prototypes** within Figma to showcase the flow and functionality of the SWIFTCART platform.
